

Heron

Demanding applications require industrial-strength solutions. Meet the Heron: full 1080p resolution within a complete PTZ system — 360° continuous pan, 270° tilt, variable intensity LED lighting, 10x optical zoom — all at just 100 mm in diameter! Rated for use at 50 meters below the waterline, the

Heron fits into extremely small spaces, without compromising on capabilities or performance. Plus, on-demand advanced features like Wide Dynamic Range (WDR), and defog make it ideal for nearly any remote inspection mission.

SPECIFICATIONS

Model	018-000-AL
Resolution	1920 × 1080p
Video Format	H.264
Sensitivity (min.)	0.01 Lux
Zoom	10× optical (4.8–48mm)
Lights	Cool daylight (7000K); variable intensity
Pan	360° continuous
Tilt	270°
HFOV (in air)	62.7°–7.6°
Control	~0.3 Kg
Material	RS485/Pelco-D
Depth Rating	50 m
Diameter	100 mm
Length (without connector)	323 mm (278 mm)
Connector	MCBH12M (MCBH8M optional)
Weight (in air)	3.5 Kg
Material	6061-T6 Aluminum
Power	12V DC @ <8 W
